About our shields

Our Product is a simple 2 Piece device. The frame of our mask is made from 3mm ABS plastic (Acrylonitrile butadiene styrene), the shield part of the mask is made from a thin 0.15mm Acetate (Ethylene-vinyl acetate (EVA)). *Please note, we use a thin screen to assure comfortable lightweight product for daily use.

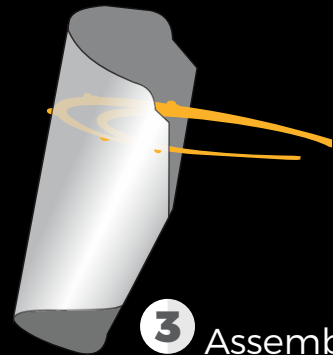

NOTE: The device has not been tested or qualified to prevent or reduce infection and does not provide particulate filtration.
